FAREWELL

YELLOW BRICK ROAD

Bus Etiquette...Here is what you should know before you go:

- 1. Quiet Time:** On overnight travel during our tours we try and provide a quiet time between Midnight and 6:00 AM. We will not be using the audio and video equipment on the coach during this travel time.
 - 2. Bathroom:** Motor coach buses are equipped with a bathroom. However, bathroom contents are only emptied at the *end* of the trip. For the comfort of all passengers, please use the bus bathroom only in cases of true emergency. Tour Directors plan regular restroom stops into all trips.
 - 3. Be Considerate of Other Passengers:** Try to accommodate and compromise whenever you can. Be polite and respectful of fellow passengers.
 - 4. Reclining Seat:** Check behind you and excuse yourself before you recline your seat. Someone may be leaning forward, working on their laptop or tablet or have a drink on the table tray. Then recline your seat slowly. Just use courtesy and common sense!
 - 5. Complete Stop:** For your safety, please do not stand or move around the bus when the bus is in motion, even if it is slowing to a stop. Heavy traffic can sometimes result in abrupt stops or bus motions. Please stay safe and remain seated.
 - 6. Bag Storage:** Suitcases and luggage are stored in a compartment underneath the bus. Pack a small bag of essentials to have with you while traveling on the bus. Overhead storage space above each seat is limited. Pack only what is comfortable to have on your lap or at your feet. Keep medications with you!
 - 7. Take a Picture:** Take a physical or mental picture of your bus and note the bus number and location. This information may be critical for relocating the group if you find yourself lost and call 506-636-1068
 - 12. Mind your food:** When travelling by bus, pick the right snacks (no fruits or vegetables can cross the border). Select drinks and food that are unlikely to spill if the bus has to make any sudden movements. Since you will be sharing the air inside the coach, avoid eating or drinking anything that has a strong smell that might irritate other passengers. Smells can linger long after you're done eating. Also, please avoid common allergens like peanuts and tree nuts.
 - 8. Trash:** Keep your personal space neat and tidy. This makes it easier and safer to move around the bus and provides a more pleasant environment. Put your trash in the appropriate receptacles and take your garbage off the bus with you when you depart at all stops. A garbage bag is often located at the front of the bus. Gather your trash and throw it out at the next stop.
 - 9. Featured Film:** Almost all motor coaches are equipped with a DVD player and TVs for viewing. We try to ensure the content is appropriate for the traveling age group rating from General to Restricted.
 - 10. Say Hello and Thank You:** The Tour Director and Bus Driver work diligently to ensure that you arrive safely and on time at your destination. Show your appreciation and respect by greeting them when you step on the bus and thanking them when you exit. Your gratitude is valued and goes a long way.
 - 11. Be on Time:** To help the trip run smoothly and on schedule, make sure you know the meetup time and location. In fact, it is best to arrive early in order to get settled in your seat and allow other passengers to do the same. Keep an eye on the time during rest stop or free time and return to the bus promptly when time is up.
- Do not keep everyone waiting by being late or being always last on the bus!**
- 12. Scent-Free:** For the comfort of all passenger please make it a scent free environment.

RESERVED BUS SEATING
